

CAREER PATHWAYS PLAN

Community Service Component

In accordance with the Career Pathways Plan approved by the FCSD School Board, all students are required to participate in a minimum of 30 hours of community service. The community service hours must be completed prior to graduation. It is highly recommended that the hours be completed the summer after completion of the student's 9th grade school year or during the 10th grade school year. Please note the following details for completion of these hours:

- Service hours/projects should be detailed on the appropriate form and approved.
- Students must keep a log of approved community service hours and the log must be signed by an adult supervisor, who is not a family member.
- Students are not to receive any type of compensation for their volunteer work.
- These hours cannot overlap with hours designated toward any Honor Society or for another organization, and communication will occur with sponsors to ensure this.
- **A one-page written description/reflection of the service activity/activities performed is required upon completion of the hours.**

The following organizations/activities/agencies will be approved by the High School Principal's Office. If a student wishes to complete their service hours with another entity, he/she must speak to the Principal for approval.

Local churches, i.e. VBS, acolyte, etc
