**Pupil Services:****Life Skills:**

Students have been working in the Cafeteria during breakfast for the past few weeks. This experience is set up like a real job. The students have 'shifts' and are earning 'paychecks' based on an hourly rate. (The paychecks are in the form of a direct deposit into a fictitious account.) With the paychecks the students are then learning how to keep track of their income/bank amounts on spread sheets simulating a check book. In addition, they are able to see when their shifts differ from week to week because of calling off or picking up extra shifts what will happen to the dollar amount. This has been a great job simulation for the students as there are able to see how their time working 'pays off!' In the upcoming days/weeks the students will be spending their earned money to buy items in their classroom that have been purchased as incentives for their work experience.

**Strive:**

The Mock Trial team has made it to the final rounds! We are waiting to hear when this will take place as it needed to be rescheduled due to weather.

### Safety:

1. Emergency buckets are almost complete; waiting for lids; and distribution will be conducted.
2. Jr/Sr High School Student ID are all done and will be distributed this week.
3. Mt. Pleasant Twp. PD will be holding training on Feb. 27 from 8-10 am dealing with concealment of drugs and other related issues. I plan on attending if possible.
