To whom it may concern,

SkillsUSA is a national career and technical student organization that focuses on preparing our students to be leaders in the workforce by teaching them employability skills to help them be successful in life. Students at Western Area CTC are able to take what they learn in their career technical classroom and apply it with SkillsUSA experiences. These experiences help prepare these students by developing 21st-century skills that they can use in their industries.

Our desire at Western Area CTC is for students to embrace career exploration through their involvement in SkillsUSA. Through involvement in SkillsUSA, students will develop personal skills, workplace skills, and technical skills grounded in academics that set them apart from their peers. SkillsUSA offers many opportunities to the students in our area, such as attending leadership workshops and district, state, and national level competitions in specific industry areas or leadership positions.

Our SkillsUSA chapter is hoping to foster relationships with companies in our community that can result in benefits for both sides. As a member of our community, we'd love to invite you to join us in supporting our SkillsUSA members. As the SkillsUSA advisor at Western Area CTC, we are asking for local businesses for donations for a Spaghetti fundraiser we are having on March 21, 2025. We are looking for donations of food, raffle baskets, and monetary donations to help make this event successful.

We appreciate your support of our students at Western Area CTC. Please contact me with any questions, or concerns or to coordinate a donation pick-up.

Sincerely,

A handwritten signature in black ink that reads "Allison A. Scaife".
