

# ARP ESSER Health and Safety Plan Guidance & Template

---

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:

- a. Universal and correct wearing of [masks](#);
- b. Modifying facilities to allow for [physical distancing](#) (e.g., use of cohorts/podding);
- c. [Handwashing and respiratory etiquette](#);
- d. [Cleaning](#) and maintaining healthy facilities, including improving [ventilation](#);
- e. [Contact tracing](#) in combination with [isolation](#) and [quarantine](#), in collaboration with State and local health departments;
- f. [Diagnostic](#) and screening testing;
- g. Efforts to provide COVID-19 [vaccinations to school communities](#);
- h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
- i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.\* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

\* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

## **Additional Resources**

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)
- [PDE Resources for School Communities During COVID-19](#)
- [PDE Roadmap for Education Leaders](#)
- [PDE Accelerated Learning Thorough an Integrated System of Support](#)
- [PA Department of Health - COVID-19 in Pennsylvania](#)

## **Health and Safety Plan Summary: Fort Cherry School District**

**Initial Effective Date: July 1, 2021**

**Date of Last Review: June 28, 2021**

**Date of Last Revision: June 28, 2021**

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

**Fort Cherry School District (FCSD) will monitor, review, and discuss the latest recommendations from PDE, PA DOH, and CDC as information is released and updated. FCSD will update the District Health and Safety Plan (H&S Plan) throughout the upcoming year as needed. Administrative procedures, District protocols, and Board policies will be reviewed and modified as needed to assure compliance with necessary mandates, recommendations, and guidance related to the District's H&S Plan.**

**The H&S Plan will be presented and reviewed to the Board of School Directors for approval when changes are necessary. Health and safety practices will be implemented to the best extent feasible to ensure that appropriate prevention and mitigation guidelines are followed. In addition, FCSD will encourage the practice of standard preventative measures such as frequent handwashing, consistent cleaning practices, standard mitigation efforts, and the use of PPE when required. Further, FCSD will continue to communicate and encourage the vaccination of personnel, as well as qualifying students. The tracking of close contacts will continue to ensure appropriate steps are being implemented to minimize risk and spread of COVID-19.**

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

**Fort Cherry School District (FCSD) will ensure continuity of services moving into the 21-22 SY by continuing to provide 5 days of in-person instruction. If a family chooses to remain in a remote learning setting, FC Cyber Academy services will be provided which will provide full cyber programming to any FC enrolled learner. If health and safety needs warrant closure for in-person learning, a remote educational model will be available during this time for all learners.**

**As FCSD continues instruction and programming for the 21-22 SY, mental health, social emotional learning (SEL), multi-tiered support system (MTSS), guidance, career readiness, physical health services, food services, as well as basic needs (related to shelter, clothing, and food scarcity) will be provided to any family with children up to the age of 18, or 21 for special education.**

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ul style="list-style-type: none"> <li>• Universal and correct wearing of <a href="#">masks</a>;</li> </ul>	<ul style="list-style-type: none"> <li>• The wearing of masks will be adjusted to align with state mandates.</li> <li>• Any updates from PDE, PADOH, and CDC guidance regarding masking will be reviewed by FCSD Administration and communicated to Board of School Directors through H&amp;S Plan.</li> <li>• Staff and students will be trained and reminded of proper mask use is state mandated.</li> <li>• All implementation strategies will adhere to a student’s IEP, 504, and/or medical documentation.</li> </ul>
<ul style="list-style-type: none"> <li>• Modifying facilities to allow for <a href="#">physical distancing</a> (e.g., use of cohorts/podding);</li> </ul>	<ul style="list-style-type: none"> <li>• FCSD will implement mitigation measures of physical distancing to the maximum extent feasible.</li> <li>• Same direction seating, as well as applicable spacing will be attempted to maximum extent feasible.</li> <li>• Balance class numbers as much as possible – remove unused desks and minimize furniture in classrooms to maximize physical distancing (to the maximum extent feasible)</li> <li>• Personnel will maintain appropriate and applicable physical distancing from one another.</li> <li>• Personnel will maintain appropriate and applicable physical distancing from students, whenever possible; when not disruptive to the educational process; and when developmentally appropriate.</li> <li>• Faculty will be thoughtful regarding physical interaction when incorporating partner or group work.</li> <li>• Personnel will identify and utilize large spaces (i.e. gymnasiums and outside spaces – as weather permits) to increase physical</li> </ul>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<p>distancing to the maximum extent feasible.</p>
<ul style="list-style-type: none"> <li>• <a href="#">Handwashing and respiratory etiquette</a>;</li> </ul>	<ul style="list-style-type: none"> <li>• School Health Care Providers and Faculty will instruct and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings when required.</li> <li>• FCSD will provide hand soap, hand sanitizer with at least 70% alcohol, cleaning wipes/disinfectant spray, tissues, and paper towels in all classrooms and frequently used areas.</li> <li>• FCSD may continue with daytime cleaners to wipe frequently used surfaces throughout school buildings.</li> <li>• Signage will be posted in classrooms, hallways, and entrances to communicate healthy actions to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, proper respiratory etiquette, and school/district specific protocols will be communicated and encouraged at all levels of the organization.</li> <li>• Routines at all levels to perform hand hygiene throughout the day, before and after lunch, after having contact with others, and coming into contact with contaminated objects or materials.</li> </ul>
<ul style="list-style-type: none"> <li>• <a href="#">Cleaning</a> and maintaining healthy facilities, including improving <a href="#">ventilation</a>;</li> </ul>	<ul style="list-style-type: none"> <li>• Daily cleaning of schools with soap and water, disinfectants and sanitizers to decrease how much of the virus is on surfaces and objects, which reduces the risk of exposure. Provide additional cleaning to frequently touched surfaces and objects including door handles, sink handles and drinking fountains.</li> </ul>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<ul style="list-style-type: none"> <li>• At least daily and throughout the day disinfecting schools and transportation vehicles using EPA-approved disinfectants against COVID-19 to reduce the risk.</li> <li>• Use of routine cleaning practices for indoor areas that have not been used for 7 or more days or outdoor equipment.</li> <li>• Follow standard protocols to clean surfaces that are not high touch.</li> <li>• Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, for example by opening windows and doors. Do not open windows and doors if doing so poses a safety or health risk (e.g., risk of falling, triggering asthma symptoms) to children using the facility.</li> </ul>
<ul style="list-style-type: none"> <li>• <a href="#">Contact tracing</a> in combination with <a href="#">isolation</a> and <a href="#">quarantine</a>, in collaboration with the State and local health departments;</li> </ul>	<ul style="list-style-type: none"> <li>• Work with school administrators and school nurses to identify an isolation room or area to separate anyone who exhibits COVID-like symptoms.</li> <li>• School nurses and other healthcare providers should use Standard and Transmission- Based Precautions when caring for sick people.</li> <li>• Establish procedures for safely transporting anyone who is sick home or to a healthcare facility.</li> <li>• Contact the local health authority before acting in response to a known or suspected communicable disease.</li> <li>• Contact the local health authority for further guidance if a parent/guardian/caregiver notifies the school of potential exposure by a student, staff member, or school visitor.</li> <li>• Fill out and submit the Self Report and Line List forms provided by PDE and PADOH Joint Task Force for contact tracing.</li> </ul>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	<ul style="list-style-type: none"> <li>• Send out notifications to building staff and students with the appropriate information as needed.</li> <li>• Work closely with the community health center nurses to follow-up and complete contact tracing.</li> <li>• Develop policies and procedures based on CDC guidelines. Ensure that staff and students meet all requirements before returning to school safely.</li> </ul>
<ul style="list-style-type: none"> <li>• <a href="#">Diagnostic</a> and screening testing;</li> </ul>	<ul style="list-style-type: none"> <li>• Check for signs and symptoms of students and staff daily upon arrival.</li> <li>• Consider a process to address privacy concerns of monitoring practices and the potential stigma associated with monitoring and confirmed exposure or cases.</li> <li>• Develop a system for home/self-screening and reporting procedures.</li> <li>• Encourage staff to stay home if they are sick and encourage parents to keep sick children home.</li> </ul>
<ul style="list-style-type: none"> <li>• Efforts to provide <a href="#">vaccinations to school communities</a>;</li> </ul>	<ul style="list-style-type: none"> <li>• Work with community health centers and hospitals to either provide on-site vaccinations or provide brochures and other information as to when and where staff and students can receive vaccinations at their sites.</li> </ul>
<ul style="list-style-type: none"> <li>• Appropriate accommodations for students with disabilities with respect to health and safety policies; and</li> </ul>	<ul style="list-style-type: none"> <li>• Ensure that any policy regarding face coverings or any other parts of the health and safety plans should be sensitive to the needs of students and staff with medical issues. Appropriate accommodations in compliance with federal and state laws should be made for students with disabilities with respect to health and safety policies and procedures.</li> </ul>
<ul style="list-style-type: none"> <li>• Coordination with state and local health officials.</li> </ul>	<ul style="list-style-type: none"> <li>• LEA will work together with the Joint Task Force, PADOH, community health agencies and County Emergency Management Agencies</li> </ul>

ARP ESSER Requirement	Strategies, Policies, and Procedures
	to coordinate resources in accordance with their health and safety plan.

## Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for Fort Cherry School District reviewed and approved the Health and Safety Plan on June 28, 2021.

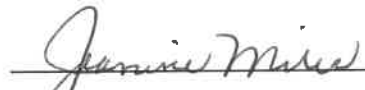

The plan was approved by a vote of:

9 Yes

0 No

Affirmed on: June 28, 2021
