

CAREER PATHWAYS

Community Service Component

In accordance with the new Career Pathways Plan approved by the School Board last summer, all students in the Class of 2018 and beyond will be required to participate in a minimum of 30 hours of community service. **These hours are to be completed during a time period from June 1, 2016 through June 1, 2017.** Please note the following details for completion of these hours:

- Service hours/projects should be detailed on the appropriate form and approved.
- Students must keep a log of approved community service hours and the log must be signed by an adult supervisor, who is not a family member.
- Students are not to receive any type of compensation for their volunteer work.
- These hours cannot overlap with hours designated toward any Honor Society or for another organization, and communication will occur with sponsors to ensure this.
- A one-page written description/reflection of the service activity/activities performed is required.

The following organizations/activities/agencies will be approved by the Principal's Office. If a student wishes to complete their service hours with another entity, they must speak to the Principal for discussion and ultimately, approval.
